Re: Statewide Mailing—County Action Requested

Counties are asked to update SVRS with name and address changes from the poll books and VRG 4/12 forms from this primary election as quickly as possible.

Pursuant to state law, the Indiana Election Division will conduct a residency confirmation and outreach procedure (“Statewide Mailing”) to all active voters. The procedure consists of a first mailing to all active voters by nonforwardable mail and then a follow up mailing to all those voters from whom the first mailing was returned undeliverable due to unknown or insufficient address.

Depending upon the results of the Statewide Mailing, the state will identify voters whose status should be “inactive”, voters who request their registration record at a certain address to be cancelled and voters who submit a name or address change within the county.

The Indiana Election Division will print the first mailing based upon voter addresses in SVRS on this upcoming Saturday, May 10, 2014.

Updates that can legally be made to SVRS prior to May 10 will be most helpful. The Indiana Election Division will take all steps possible to identify voters whose records are updated between May 10, 2014 and July 24, 2014 when making recommendations to the counties based on the results of these mailings.

Look for additional memos as the Statewide Mailing proceeds.

Thank you all for your hard work in putting on a successful Primary Election.
